VOHRA WOUND PHYSICIANS

SNF CLIENT RESOURCE | NEGATIVE PRESSURE WOUND THERAPY

# PICO Single-Use NPWT

Portable, physician-applied negative pressure wound therapy, at no cost to your facility.

THE DEVICE

## Portable. Canister-free.

PICO is an innovative single-use negative pressure wound therapy device designed to extract excess fluid from wounds while safeguarding the incision or wound. Battery power keeps it fully portable.

Each kit includes a sterile pump and two sterile dressings, designed for a maximum use of seven days.

| 7 days | 48 hrs | $0 |
|---|---|---|
| MAX WEAR PER KIT | KIT DELIVERY | COST TO THE SNF |
